Evaluating the Quality of Parent-Child Interactions Using Mary Ainsworth's *Maternal Sensitivity Scales*

Barbara Weigand, M.S.W., IMH-E (IV)
Robert Weigand, M.S., IMH-E (IV)

**April 21, 2018
1:30pm – 4:30pm**

Tempe Public Library
3500 South Rural Road, Tempe
Connections Program Room
(Next to Connections Café)

Mary Ainsworth is renowned for the exquisitely detailed descriptive scales she developed for evaluating the quality of an infant's attachment to his/her caregiver.

Less widely known are the scales she developed for evaluating the quality of parenting behavior that directly influences infant attachment. This workshop will introduce Ainsworth's Maternal Sensitivity scales and utilize video-taped episodes of parent-child interactions to demonstrate and practice their use. The workshop will address competencies required for *ITMHCA Endorsement for Culturally Sensitive, Relationship Focused Practice Promoting Infant Mental Health* at Levels 2, 3, & 4.

The cost is \$40.00 for ITMHCA members; \$50.00 for non-members.
Seating is limited

Preregistration required at www.itmhca.org
